RMK College of Engineering and technology

CGPA - 8.3

INTERNSHIP

COGNIZANT

Internship on full stack web development(MERN STACK)

01/2022 - 08/2022

PROFILE SUMMARY

Motivated and dedicated Full Stack Developer with a strong foundation in web technologies and software development. Proficient in HTML, CSS, Tailwind CSS, Bootstrap, React.js, Node.js, Express.js, and MongoDB. Eager to contribute and grow as a valuable team member

PROJECT

Project - 1

NUTRITION TRACKER

(HTML,CSS,BOOTSTRAP,JAVASCRIPT,REACT,NODE,EXPRESS,MONGODB)

- Built a secure login and registration system using JWT for authentication.
- Added search functionality to display food details and calculate nutritional values.
- Developed a tracking system to log and display nutritional intake by date.

Project - 2

AMAZON CLONE WEBSITE

(HTML,CSS,JAVASCRIPT,TAILWINDCSS,REACT,NODE,EXPRESS,MONGODB,FIREBASE)

- Developed an e-commerce website with Firebase authentication for login and registration.
- Implemented features like product filtering, searching, cart management, and stock availability management.
- Integrated Stripe for online payments and implemented both Stripe payment and COD features for payment. Built an admin panel for managing products and orders.

EXPERIENCE

MERN Stack Developer Intern | Cognizant

01/2022 - 06/2022

- Worked on developing scalable web applications using MongoDB, Express.js, React, and Node.js.
- Gained hands-on experience in full-stack development, collaborating with the team to build efficient and user-friendly applications.
- Contributed to various internal projects, improving coding skills and understanding of industry practices.
